To restore your HKC App

Go to the Itunes/Playstore

Download the HKC APP

Here the App will be looking for your Site Settings

**To get your Installation ID/ Site Settings**

Go to your Intruder Alarm Keypad

Enter the   0 * 9   (it will read securecom)

Followed by your user Code (the code you use to set/unset the intruder alarm system)

Across the keypad LCD your Installation ID and Password will be displayed

Take note of these details and return to the App on your phone
Enter the details and press Connect

Then log in as normal with your User code

If you require further assistance please call us on 018241988
